

Supplier Prequalification

Verified Prequalification Data Without the Administrative Burden

HOW IT WORKS

Prequalifying suppliers is an important first step to managing supply chain risk. However, doing so is a burdensome task for you and your suppliers. Avetta's Supplier Prequalification solution streamlines the process through a combination of services and technology. The result is accurate and up-to-date prequalification data – without the headache.

01

Communicate your prequalification requirements to suppliers via our intuitive online platform.

02

Suppliers complete questionnaires, provide relevant performance indicators, and upload supporting documentation.

03

Avetta verifies and continually updates information giving you a consistent view of risk within your supply chain.

THE BENEFITS

Efficiency

Avetta's cloud-based platform delivers the information you need while reducing duplicate processes for your suppliers.

Reduced Burden

Avetta collects and verifies prequalification data so you can spend less time and money on administrative efforts.

THE CAPABILITIES

Performance Indicators

Avetta collects and verifies TRIR, EMR, DART or any performance indicator your company needs to better understand your suppliers' past performance.

Prequalification Form

Commonly requested supplier data such as safety programs, certifications, and diversity information is collected. Only relevant questions are presented to suppliers depending on their trade and risk level saving them valuable time and effort.

Custom Questionnaires

Custom information is never a problem. The Avetta system is extremely configurable and delivers a personalized view of the risk within your supply chain.

Professional Support

Avetta's compliance professionals verify and regularly update prequalification data. Assistance is always available via chat, email, phone, and help center teams.

Because of Avetta and our use of an improvement plan with our contractors, we were able to demonstrate more than 30% improvement in just one year for the health and safety performance of our contractors.
