Subject: **Westwood Professional Services and Avetta: Our new Subconsultant Management Program**

Westwood Professional Services' purpose is to create a better world for people through our work. We have partnered with [Avetta](#) for our Subconsultant Management Program to promote a safe working environment, mitigate all risks, and create a value chain in which each member can depend on the integrity of all parties involved.

Our teams are committed to upholding the highest ethical standards, protecting against health and safety risks, and conducting business in ways that adhere to all applicable laws and regulations. Using Avetta's software, we can put our entire supply chain on a single platform. With this new program and partnership in place, we want to make it easy for you to understand our work requirements, become compliant, and remain compliant for future work with us.

This partnership will allow us to contract quicker and win more work together. Westwood has dozens of clients in the Avetta network, and they increasingly request improved transparency and compliance throughout the supply chain.

### **Our Subconsultant Management Program with Avetta**

We are asking you to register in the Avetta network and complete our vetting process to achieve compliance. An Avetta membership gives you access to a broad network of hiring clients, specialists to fast-track your compliance, exclusive discounts on valuable services, and preferred rates with top insurance providers.

There is a cost to join the program based on the level of compliance required for your business and the type of services your company offers.

### **What's next?**

**Please keep an eye out for an invitation from the Avetta Registrations Team** (on behalf of us at Westwood Professional Services). Avetta's Team will reach out to walk you through registering with Avetta and joining our Subconsultant Management Program.

Please reach out to [VendorSupport@westwoodps.com](mailto:VendorSupport@westwoodps.com) if you have specific questions about your working relationship with us. We're looking forward to our continued partnership!

Thank you,

Michael Moriarity
