

From: Doug Ord Camille, BP Energy Company of Kirkuk Limited, North Oil Company, North Gas Company
Subject: **BP Energy Company of Kirkuk Limited, North Oil Company, North Gas Company and Avetta: Our new Supplier Registration and Management System**

At BP Energy Company of Kirkuk Limited, North Oil Company, North Gas Company, we are implementing a new Supplier Registration and Management System with our partners at [Avetta](#). As project activity increases, we aim to have full visibility of our suppliers in the Kirkuk region by consolidating their capabilities and contact details into a single, easily accessible portal. Our partnership with Avetta will increase supplier visibility, optimize communications, and ensure ongoing compliance.

Using Avetta's software, we can put our entire supply chain on a single platform to help manage health and safety, sustainability and risk. With this new programme and partnership in place, we want to make it easy for you to understand our work requirements, become compliant, and remain compliant for future work with us.

Our Supplier Registration and Management System with Avetta

We are asking you to register in the Avetta network and complete our vetting process to achieve compliance. With an Avetta membership, you become searchable to a global network of 500+ hiring clients, fast-track work readiness through 1-to-1 pre-qualification support, strengthen client relationships and protect your business from risk.

There is a cost to join the programme based on the level of compliance required for your business and the type of services your company offers.

What's next?

Please keep an eye out for an invitation from the Avetta Registrations Team (on behalf of us at BP Energy Company of Kirkuk Limited, North Oil Company, North Gas Company). Avetta's Team will get in touch to walk you through registering with Avetta and joining our Supplier Registration and Management System.

Please contact Kirkuksupplierinfo@bp.com if you have specific questions about your working relationship with us. We're looking forward to our continued partnership!

Thank you,

Doug Ord Camille
