Subject: **Greystar and Avetta: Our new Global Supplier Compliance Program**

Greystar is implementing a new Global Supplier Compliance Program with our partners at [Avetta](#) to increase operational efficiency and adherence to compliance regulations as Greystar grows. As a leading, fully integrated global real estate company, Greystar is committed to hiring the best professionals. Our Global Supplier Compliance Program will increase visibility across Greystar's supply chain, enabling us to efficiently select compliant suppliers for work.

To assist those new to Avetta, Greystar will cover the initial cost of your Avetta subscription in connection with Greystar. Using Avetta's software, we can put our entire supply chain on a single platform to help manage health and safety, sustainability, and risk. With this new program and partnership in place, we want to make it easy for you to understand our work requirements, become compliant, and remain compliant for future work with us.

### **Our Global Supplier Compliance Program with Avetta**

We are asking you to register in the Avetta network and complete our vetting process to achieve compliance. An Avetta membership gives you access to a network of 500+ global hiring clients, specialists to fast-track your compliance, exclusive discounts on valuable services, and preferred rates with top insurance providers.

**Greystar will cover the initial cost associated with connecting to Greystar in Avetta.**

#### **What's next?**

**Please keep an eye out for an invitation from the Avetta Registrations Team** (on behalf of us at Greystar). Avetta's Team will reach out to walk you through registering with Avetta and joining our Global Supplier Compliance Program.

Please contact us [here](#) if you have specific questions about your working relationship with us. We're looking forward to our continued partnership!

Thank you,

Chris Bellin, Global Supplier Compliance Program Director
