

From: William Anderson, Artera
Subject: **Artera and Avetta: Our new Vendor Compliance Program**

At Artera, we are implementing a new Vendor Compliance Program with our partners at [Avetta](#). Artera is a leading provider of integrated essential and critical infrastructure services. With iron-clad operational excellence and governance practices, Artera forges best-in-class safety ratings. By partnering with Avetta, we are optimizing safety and mitigating risk factors, all while storing our vendor operations in one centralized hub.

Using Avetta's software, we can put our entire supply chain on a single platform to help manage health and safety, sustainability, and risk. With this new program and partnership in place, we want to make it easy for you to understand our work requirements, become compliant, and remain compliant for future work with us.

Our Vendor Compliance Program with Avetta

We are asking you to register in the Avetta network and complete our vetting process to achieve compliance. An Avetta membership gives you access to a network of 500+ global hiring clients, specialists to fast-track your compliance, exclusive discounts on valuable services, and preferred rates with top insurance providers.

There is a cost to join the program based on the level of compliance required for your business and the type of services your company offers.

What's next?

Please keep an eye out for an invitation from the Avetta Registrations Team (on behalf of us at Artera). Avetta's Team will reach out to walk you through registering with Avetta and joining our Vendor Compliance Program.

Please reach out to vendorcompliance@artera.com if you have specific questions about your working relationship with us. We're looking forward to our continued partnership!

Thank you,

William Anderson
VP of Procurement
