

**NOTICE FOR IT VENDORS WORKING ON, INTERACTING WITH, AND/OR
HAVING ACCESS TO OPPD'S NETWORK**

Subject: Key Update for IT Vendors - OPPD's Contractor/Vendor Management Program

Here at Omaha Public Power District (OPPD), we are focused on ensuring all third-party companies we work with join us on our continual goal of ensuring safe and secure operations. As such, we are expanding our partnership with [Avetta](#) to include monitoring of cyber and safety information on key vendors that that work on, interact with, and/or have access to our network.

Your company has been identified as one of those key vendors. **As such, we are asking your company to register in the Avetta network by July 24, 2024, to become one of OPPD's preferred vendors to help us streamline our third-party risk assessment process, and officially become part of our Contractor/Vendor Management Program.**

Upon registering with Avetta, your company will be able to complete the information requested by OPPD which will ensure that we can monitor your company's health and safety, insurance, and cyber risk score information. Additionally, an Avetta membership gives you access to a network of 500+ global hiring clients, specialists to fast-track your compliance, exclusive discounts on valuable services, and preferred rates with top insurance providers.

There is a cost to join the program, which is based on the level of compliance required for your business and the type of services your company offers.

What's next?

Please keep an eye out for an invitation from the Avetta Registrations Team (on behalf of us at OPPD). Avetta's Team will reach out to walk you through registering with Avetta to officially join our Contractor/Vendor Management Program as a preferred vendor.

For questions about your company's working relationship with OPPD, please reach out to GRCsecurity@oppd.com.

We appreciate your participation in this program and look forward to our continued partnership.

Thank you,
OPPD Security Risk & Governance Team

NOTICE FOR CONTRACTORS PERFORMING ON-SITE WORK FOR OPPD

Subject: Omaha Public Power District partners with Avetta for pre-qualification and compliance management service

At Omaha Public Power District, we work to provide affordable, reliable, and environmentally sensitive energy services to our customers. We are committed to compliance with all laws and regulations affecting safety, health, and the environment. As we strive for a zero-incident culture, we need to update our current safety program to prevent contractor safety incidents and standardize and automate processes as we grow.

We have partnered with Avetta (www.avetta.com) to support our new Contractor Safety Program and streamline our pre-qualification process. Avetta specializes in connecting the world's leading organizations with qualified suppliers like you.

All suppliers will be required to register and pre-qualify through the new process. You will receive a communication from Avetta soon to indicate the start of the transition. Upon registration, your membership in the Avetta network will bring unmatched visibility to hundreds of other clients, who will have the ability to invite you to join their list of qualified suppliers.

This communication serves as an early introduction to the program for your organization.

Please do not hesitate to contact contractorsafetyprogram@oppd.com if you have specific questions about your working relationship with Omaha Public Power District.

Regards,

Arlo Christensen
Director, Safety and Health
