

The Only All-In-One Contractor Risk Management Platform You Need

Use the platform trusted by over **130,000 businesses** in over **120 countries** to build safe, sustainable and secure connections

We're Supply Chain Safety and Sustainability Experts

Our certified professionals go the extra mile by collaborating closely with you, assessing your current risk management strategy and delivering solutions for your specific needs.

Client Support

Contractor Support

Doc Verification

Insurance Verification

QHSE Professionals

Training Expert

Unmatched in their capabilities, Avetta's world-class QHSE Professionals tailor manual, implementation, field and sustainability audits for your specific needs.

Findings from audits are reported and suppliers are coached by one of our 120+ global support staff on how to close gaps and meet your compliance guidance.

Behind the scenes, dedicated professionals, invested in your success are assigned to your account. They help with everything from implementation to training.

SAFE

- Contractor & Subcontractor Prequalification
- Worksite Safety
- Workforce Management
- Worker Qualification & Training

SUSTAINABLE

- ESG & Sustainability
- GHG & Carbon Reporting
- Diversity & Inclusion Reporting
- Safety & Sustainability Audits

SECURE

- Financial Risk
- Monitor Bad Actors
- Cybersecurity
- Insurance Monitoring

Avetta's **all-in-one** platform manages the safety and compliance of suppliers, contractors, subcontractors, workers and worksites. We help mining, oil, gas, construction, telecom, energy and manufacturing companies globally comply with growing Health and Safety, ESG and sustainability regulations.
