

From: Charlie Brown, CBRE Motorola

Subject: **CBRE Motorola and Avetta: Our New CBRE Motorola Supplier Compliance Program**

At CBRE Motorola, we are implementing a new supplier compliance program with our partners at Avetta. The program will go live on September 2, 2026, helping CBRE Motorola maintain consistent supplier compliance across its operations.

Using Avetta's software, we can put our entire supply chain on a single platform to help manage health and safety, sustainability, and risk. With this new program and partnership in place, we want to make it easy for you to understand our work requirements, become compliant, and remain compliant for future work with us.

Our Supplier Compliance Program with Avetta

We are asking you to register in the Avetta network and complete our vetting process to achieve compliance. With an Avetta membership, you become searchable to a global network of 500+ hiring clients, fast-track work readiness through 1-on-1 pre-qualification support, strengthen client relationships, and protect your business from risk.

There is a cost to join the program based on the level of compliance required for your business and the type of services your company offers.

What's next?

Please keep an eye out for an invitation from the Avetta Registrations Team on behalf of CBRE Motorola. Avetta's Team will reach out to walk you through registering with Avetta and joining our Supplier Compliance Program.

Please reach out to Agata.Sobien@cbre.com if you have specific questions about your working relationship with us. We're looking forward to our continued partnership!

Thank you,

Charlie Brown
