

Charah Solutions partners with Avetta for pre-qualification and compliance management service

Dear valued supplier,

Relationships with our suppliers are critical to the success of our mission at Charah Solutions. As a company, we are committed to a culture focused on safety, sustainability and environmental compliance. It is imperative to our mission that our suppliers share those same values. We have engaged Avetta (<u>www.avetta.com</u>) to support our new supplier management program and streamline our pre-qualification process. Avetta specializes in connecting the world's leading organizations with qualified suppliers like you.

To implement this program, we are requiring suppliers to submit their safety and insurance information for verification. All contractors and suppliers who wish to qualify for ongoing projects and bid opportunities must be registered with Avetta by **04/09/2021**.

The cost of an annual membership is based on the level of services provided and the documentation we require. The annual subscription may range from **\$699** to **\$1,197**, in addition to a one-time activation fee of **\$299** for new members. The exact cost of membership is outlined on the Avetta checkout page.

Complete your registration by going to <u>https://app.avetta.com/registration</u> or contact Avetta's dedicated registration team at **800-506-7427 Opt. 2.** Once registration is complete, we will be notified, and you can begin uploading your safety and insurance documentation to your Avetta profile. It is your organization's responsibility to ensure compliance is attained within our established timeframe and maintained to avoid disruption with ongoing or future projects.

For more information about the program and the benefits of joining Avetta visit <u>https://pages.avetta.com/CharahSolutions</u>

If you have specific questions about your working relationship with Charah Solutions, contact <u>purchasing@charah.com</u> for more information.

Sincerely,

Kristi McGrath Senior Procurement Analyst Charah Solutions, Inc.
