

## **Dynamic Service Solutions and Avetta: Our new Vendor Compliance Program**

At Dynamic Service Solutions, we are implementing a new Vendor Compliance Program with our partners at [Avetta](#). Since 1999, we've provided exceptional engineering and staffing services to our clients with rapid response customer service, quality products, and optimum measurable results.

Using Avetta's software, Dynamic Services Solutions can streamline our vendor selection process, review safety records and request safety training from one platform and gain access to various vendors nationwide. With this new program and partnership in place, we want to make it easy for you to understand our work requirements, become compliant, and remain compliant for future work with us.

### **Our Vendor Compliance Program with Avetta**

We are asking you to register in the Avetta network and complete our vetting process to achieve compliance. An Avetta membership gives you access to a network of 500+ global hiring clients, specialists to fast-track your compliance, exclusive discounts on valuable services, and preferred rates with top insurance providers.

There is a cost to join the program based on the level of compliance required for your business and the type of services your company offers.

#### **What's next?**

**Please keep an eye out for an invitation from the Avetta Registrations Team** (on behalf of us at Dynamic Service Solutions). Avetta's Team will reach out to walk you through registering with Avetta and joining our Vendor Compliance Program.

Please reach out to your Dynamic Service Solutions contact if you have specific questions about your working relationship with us. We're looking forward to our continued partnership!
