

Dear Contractor,

Honeywell Broadmeadows Australia is asking contractors to join the Avetta network as part of their new contractor management program. **Starting today, all Honeywell Broadmeadows Australia contractors will be required to join Avetta.** Honeywell overall is committed to a culture focused on safety, sustainability, and environmental compliance. For Honeywell Broadmeadows Australia, it is vital to them for their contractors to share those same values. Joining Avetta will help you understand Honeywell Broadmeadows Australia's work requirements, become compliant after completing the vetting process, and remain compliant for ongoing and future work.

For more details about this transition, please refer to your e-mail from Tas Mantzaris at Honeywell Broadmeadows Australia regarding this requirement and partnership.

**To continue working with Honeywell Broadmeadows Australia, you must complete your Avetta registration before 11 January 2024 and submit the required documentation.**
