Close the Loop with Post-Work Evaluations

Completed

Completed

4.1

Prequalifying suppliers and evaluating their on-the-job performance is important for managing risk, but how do you close the loop once work is completed? Was the quality up to your standards? Did the supplier stay on budget? Avetta's Supplier Reviews empower your organization to rate suppliers in multiple categories and track performance so you can make better procurement decisions.

## How it Works

①

Once work is complete, rate suppliers on their job performance.

②

Reviews are shared across your entire organization for maximum visibility.

③

Make better procurement decisions and close the supplier evaluation loop.

## The Benefits

### Increased Visibility

Complement prequalification data and on-the-job assessments with post-work reviews for a complete picture of supplier performance.

### Enhanced Prequalification

Still noticing deficiencies even though you've prequalified suppliers? Improve your prequalification process with insightful supplier reviews.

### Improved Procurement

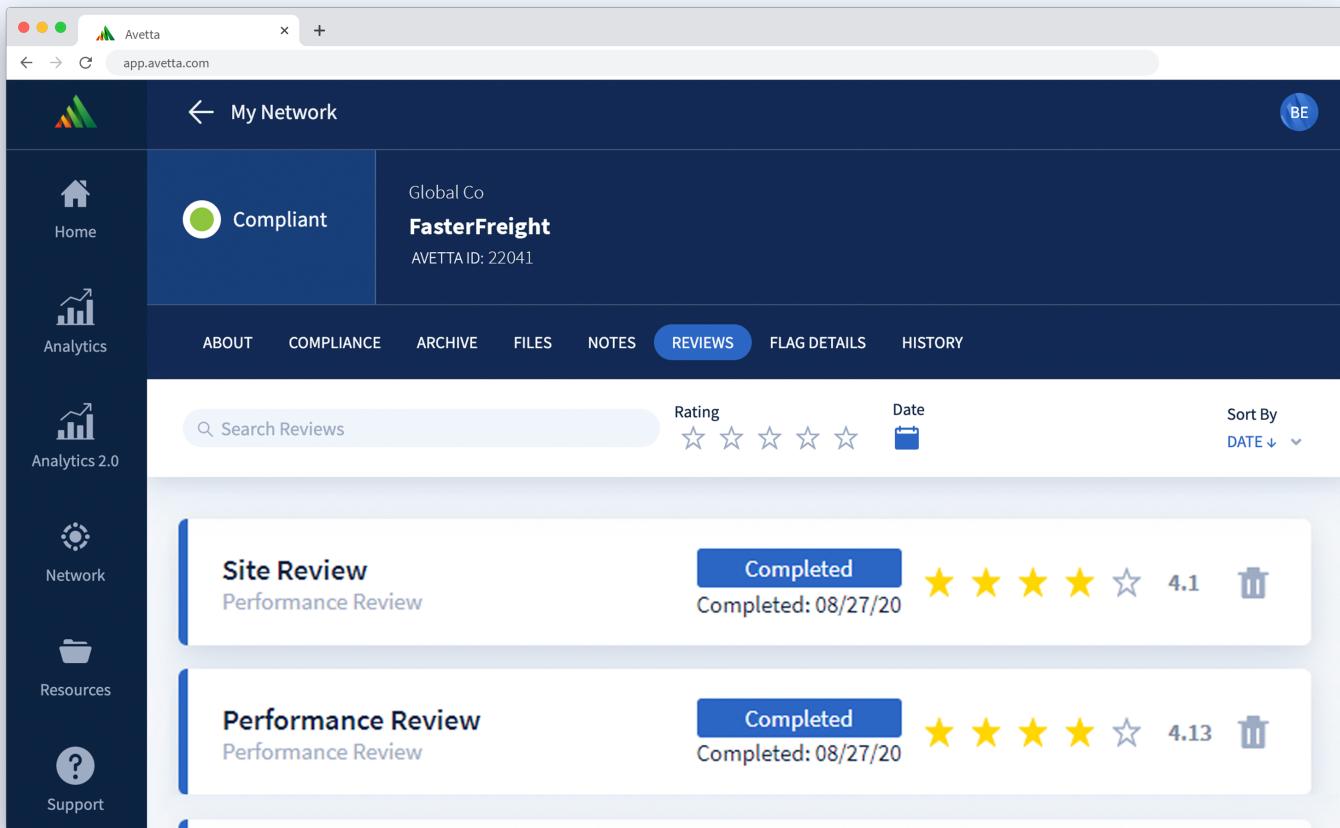

Get a better sense of which suppliers are most qualified to perform work at each of your sites. Select the best suppliers and get the best quality from your outsourcing investment.

### Supplier Accountability

Improve adherence to agreed-upon scope, budget, and time frame by tracking job performance. Negotiate better terms and strengthen your supply chain.

# The Capabilities

The screenshot shows the Avetta platform interface. On the left is a sidebar with icons for Home, Analytics, Analytics 2.0, Network, Resources, and Support. The main area is titled 'My Network' and shows a supplier named 'FasterFreight' (AVETTA ID: 22041) with a 'Compliant' status. The 'REVIEWS' tab is selected. Below it, there are two review cards: 'Site Review' (Performance Review) with a 'Completed' status and a 4.1 rating, and 'Performance Review' (Performance Review) with a 'Completed' status and a 4.13 rating. A search bar and filter options for 'Rating' (1-5 stars) and 'Date' are also visible.

## Multiple Review Categories

Rate suppliers on safety, quality, responsiveness, adherence to budget, and timeliness for a holistic view of job performance.

## Company-Wide Visibility

Share your experiences with colleagues so everyone can make informed decisions. Each submitted review is instantly available to others within your organization.

## Closed-Loop Reporting

Know exactly where to make adjustments to your initial vetting process with job performance data. Analytics empower you to identify and address gaps.

## Site-Level Ratings

Track performance at the site level for deep visibility. All ratings are automatically aggregated to the region and global level for a comprehensive view.
