

Dear Tarmac Supplier

Supplier Accreditation for Tarmac Limited – Action Required

Tarmac is the UK's leading building materials and construction solutions provider. Effective relationships with our suppliers and contractors are an important part of maintaining this position for our business.

Safety and sustainability across our entire supply chain are key priorities for our business. We have high standards and require the companies we work with to share these beliefs and commitment to this level of performance. We will not compromise safety in any part of our operation and need to ensure that everyone we work with is operating at the acceptable standard.

Therefore, Tarmac will only work with suppliers that are compliant through its supplier accreditation process. This is an online process, managed by Avetta, on our behalf.

Therefore, we would like to invite you to join the Tarmac accreditation process.

How to complete the Tarmac supplier accreditation process through Avetta

1. Access the Avetta portal at <http://pages.avetta.com/Tarmac>
2. Register your company and select **Tarmac** as your client **by 18th October 2023**
3. Complete the Prequalification Form (PQF) or complete any Open Tasks if you are already a member of Avetta **by 18th October 2023**

If your company is already an Avetta member, the system will recognise the data already submitted, so you just need to link to our business and complete the Tarmac specific questions. If your company is new to Avetta, then please refer to the registration details above.

Please ensure you are registered and fully complete the process, including any gaps or open tasks by **18th October 2023**. Once you are accredited with Avetta, Tarmac will be in touch with you to ensure you have the appropriate Terms and Conditions in place, so we can work together in future.

Thank you in advance for your participation. We look forward to maintaining and developing our relationship with you at this exciting time for our business.

If you have any questions about the process, please contact Avetta using the details on the following page. If following contact with Avetta, you have further queries for Tarmac, please see the contact details by business unit listed on the next page.

QUESTIONS & ANSWERS

Why did Tarmac choose Avetta?

We are constantly seeking to strengthen our culture around safety and ethical business through the adoption of best practice, and Avetta provides this with a flexible, efficient and transparent system. Beyond this, Tarmac wished to engage a proven system in our sector, with commercial and operational benefits for client and supplier. Avetta is cost-effective to the supplier and will give your company greater visibility across our business and the wider sector.

What are the benefits to you of joining Avetta?

In addition to maintaining and developing your relationship with Tarmac, you can search for other clients that need your skills and experience. Other Avetta members include major producers in the UK building materials sector. As an international provider, Avetta will give your company visibility in all locations where you're able to work. Avetta will also support each contractor by providing technical guidance around any shortfalls against the client's requirements

What is the cost to you?

There is a one-time set up fee for new registrants, and an annual membership fee. This fee is based on the number of clients in the Avetta system that your company qualifies with, and the depth of analysis required by these clients. The cost per client reduces pro-rata when you work with more clients, as Avetta shares your data and removes repetition. The fee structure can be accessed via Avetta during the registration process.

What if my company is already a member of Avetta?

Log into your existing account, connect with our business to review our specific requirements and ensure your company information is updated. This will be highlighted on your homepage as Open Tasks, and your Avetta Customer Service Representative will support you through the process.

How do I contact Avetta?

Avetta customer service team is available 24 hours a day, ensuring companies receive support out of traditional working hours. Please note that calls are forwarded to their global offices outside these hours or when all UK lines are all busy.
