**Subject:** Wolfspeed, Inc. Partners with Avetta for Supplier Qualification Program

Dear Valued Supplier,

At Wolfspeed, Inc., our core Values of Integrity and Respect, Ownership and Accountability, and Ingenuity and Passion guide every decision we make and our interactions with each other, our customers, partners, and communities. Wolfspeed is rapidly expanding, and as we work to meet industry requirements and improve our processes, we've identified a need to update our current supplier qualification process. Previously, we've used an in-house system that can no longer keep up with our growth. We've decided to implement a new Supplier Qualification Program to help us centralize data, formalize processes, and improve communication and support for our suppliers.

We have engaged Avetta ([www.avetta.com](http://www.avetta.com)) to support our new Supplier Qualification Program and streamline our pre-qualification process. Avetta specializes in connecting the world's leading organizations with qualified suppliers like you.

All suppliers will be required to register and pre-qualify through the new process. You will receive a communication from [supplierqualification@wolfspeed.com](mailto:supplierqualification@wolfspeed.com) soon to indicate the start of the transition. Upon registration, your membership in the Avetta network will bring unmatched visibility to hundreds of other clients, who will have the ability to invite you to join their list of qualified suppliers.

This communication serves as an early introduction to the program for your organization.

Wolfspeed, Inc. and Avetta will be hosting a town hall session on **December 22, 2022, from 1-1:30 p.m. (EST)** to tell you about the program in more detail, offer training and explanations on the Avetta platform, and answer any questions you may have. Please click the below link and **complete the form no later than December 16<sup>th</sup>** if you wish to be included in the town hall session on December 22<sup>nd</sup> and learn more.

**[Sign Up for the Wolfspeed + Avetta Town Hall Here](#)**

Please do not hesitate to contact our team at [supplierqualification@wolfspeed.com](mailto:supplierqualification@wolfspeed.com) if you have specific questions about your working relationship with Wolfspeed, Inc.

Regards,

Wolfspeed Environment Health & Safety (EHS)
